Thompson, Bodie.

LOCAL INTELLIGENCE.

Personal.

Supervisor Hector was in town on Tuesday to count the county money. He went to Antelope in the afternoon.

Judge Eddy went to Antelope on Wednesday to "look after the fences."

O. H. Kister is visiting some of his constituents.

Andrew Fraser, of Landy, was in town on Wednesday after supplies.

District Attorney Virden returned from San Francisco on Wednesday morning.

C. A. Schuman returned from San Francisco on Thursday.

A. C. Cable, of Bodie, was in town yesterday.

O. H. Hill, of Bishop Creek, was here on Wednesday.

M. J. Cody, the to-be Democratic candidate for Sheriff, came over from Bodie yesterday to "see how the crops are."

Miss Parkinson, of Bodie, and Miss Jones, of Reno, were in town yesterday.

E. G. Watkins and John H. Connell, Little Antelope's "honest farmers," were here Thursday.

Lincoln Goodnow and Henry Pitts, of Antelope, came up on Wednesday.

Deputy Internal Revenue Collector Breeden, of San Bernardino, was here this week on official business.

A MEXICAN.—On Monday evening last a birthday masquerade was given at Frank Hanson's residence, on East Main street, in compliment to Mrs. Hanson's daughter, Mrs. E. A. Brown. The poems were well filled by the many friends of the family, many coming from Bodie, Mrs. E. A. Brown, Mrs. A. H. Allen, Mrs. Joe A. Brown, Miss Bertha Murphy, of Bridgeport, Miss Maud Walker and Miss Maud Reading, of Bodie, E. Godat and N. B. Ward, of Bodie, and A. H. Allen, Joe A. Brown and W. O. Parker, entertained the company with instrumental and vocal music until 11 o'clock, when refreshments were served, after which there were several songs rendered, both sentimental and comic. As the entertainment did not close before 1 o'clock on Tuesday morning, it goes without saying that it was an enjoyable evening, and will long be remembered by those present.

No Go.—A Bodie Democrat is trying the American Party dodge for the purpose of disrupting the Republican party, but it don't work. The Republicans of this county will select candidates on the 8th of September worthy of their united support. There is no factional strife, and every aspirant for the several offices is worthy of the position he seeks, but unfortunately "few can be chosen," but those chosen on the 8th of September will receive the hearty support of every Republican in the county—and of a good many Democrats, too. There are no snipers in Republican ranks this year. "Harrison and the whole ticket," is the watchword. This is a Republican year, and don't you forget it!

A HEAVY TASK.—The proprietor of the late Bodie Miner exhibits great anxiety in regard to the Republican Party and the "Crawford Plan," and is afraid it will make trouble in the Republican ranks. He need not let the matter keep him awake nights, as the Republicans of this county are able to manage their own affairs without the interference of Democrats—particularly of one who has been repeatedly snubbed by his own party, and was compelled to withdraw from the Democratic Central Committee. As he is trying to run both parties, it will prove a heavier task than he thinks it will be.

COUNTY JOB PRINTING.—It having been stated that all of the job printing of the county was obtained outside of the county, justice to the officials induces us to say that considerable work was done at this office, and at rates lower than could be obtained elsewhere; and that which could not be procured here at fair rates was ordered from San Francisco, by the officials, who had the right to do so. Our present County Clerk, O. H. Kister, has been very economical in the matter of printing bills.

DEAD AS A HERRING.—The Bodie Miner, after many spasmodic efforts to live, has been compelled to submit to the inevitable and is now as dead as a herring. It had a respectable existence, and none regret its decease—except its numerous creditors.—The Devil gets his own, in time. This leaves the CHRONICLE-UNION the only established newspaper in Mono county.

COUNTY TREASURY.—On the 7th inst. A. F. Hector, Chairman of the Board of Supervisors, District Attorney Virden, and Auditor Kister counted the money in the Treasury and found therein what actually ought to have been there—\$34,291.71.

NEW CITIZENS.—On Monday Judge Hakes admitted to citizenship S. Cardine, a native of Canada, on the testimony of Dr. C. Sinclair and W. Calkins; and W. A. Bullen, a native of England, on the testimony of A. F. Bryant and H. L. Leavitt.

OUR NATURALIZED CITIZENS.

Why is it that Orlando E. Jones, that stalwart Democrat of Bodie, has commenced a warfare against our naturalized citizens? Is it because many of them intend to vote for Harrison and Morton and our entire Republican ticket this Fall? While he was running the Bodie Miner, which has gone up the flume, he was always very sweet on the foreign element; but since the Free Trade sentiments of Cleveland have driven a large class of our naturalized citizens from his support he is "scurrying" on that element and is in sympathy with another prominent Democrat of this county, who says that "the Republicans have caught the Irish, but we have the Dutch and niggers."

There are 251 naturalized citizens entitled to vote in this county, and among them are many of our best and most respected citizens, and some of our heaviest taxpayers and are old residents of the county and State, having brought up families and have grandchildren around them. Where can we find better citizens than Andy Allen, the Huntsmans, the Hughes, the Kirkwoods, Stewarts, James Sinsamob, who have resided in Bridgeport nearly a quarter of a century? Does any community want better citizens than the Montroses and Kuhlmann Bros. and scores of others who have been in California since boyhood? But this terrible onslaught is directed more to Sheriff Morgan and County Clerk Kister, who were brought to this country when mere children and know nothing of their native countries, as it were. Sheriff Morgan came to California from Wales in 1856 when eleven years of age and has resided here ever since, and a resident of Mono county 10 years. Mr. Kister came to the United States at the alarming age of 6 years—and we submit to the voters of this county if he ought not to be a pretty good American by this time. If this man Jones thinks he is going to make capital against Republican candidates by such attacks he will find his mistake when the votes are counted. It is a sweet consistency for this Jones, who prides himself on being a "life-long Democrat," and has been helping to elect foreigners to office ever since he cast his first vote—some forty years ago. It would be impossible for the smartest Yankee to guess within a thousandth of the number of foreigners he has voted for within that time.

DAMNED TWIN LAKES.—Senator Gallagher, of Mason Valley, Nevada, was here this week, arranging for putting in 10 foot dams at the Twin Lakes to husband the water for irrigating his section of country. The lower dam will be some 300 feet long and ten feet high. No contracts for building them have yet been let.

JURY ORDERED.—In the Superior Court, yesterday morning, Judge Hakes ordered the names of fifty jurors drawn from the box to try the mining case of Rickey et al. vs. Virginia Creek Hydraulic Mining Co. and Rickey et al. vs. Hineyell. The fortunate ones drawn are requested to appear on August 20th.

WILL MEET.—The Republican Central Committee will meet at Bodie on Saturday next to complete the arrangements for the primary election to be held on the 8th of September. Candidates must hand in their names, with \$10, to the Secretary before the meeting.

CIRCULATING.—The Republican candidate, in view of the coming Primary election, on the Crawford plan, are circulating very freely over the county, seeing the "dear people."

ALL SOLD.—The balance of the Goodnow personal property was sold at auction on the premises in Antelope Valley on Tuesday and sold well.

STATE SCHOOL MONEY.—State Superintendent Hoyt has apportioned the August quota of State School money, and Mono receives \$496.08 out of \$421,980.

FOR "PROTECTION."—A Cable-gram intimates there will soon be a "union of hearts and a union of hands" at Bodie.

ANNUAL FAIR.—The Eastern Slope Agricultural Association will hold their Annual Fair at Bishop Creek in September—commencing on the 10th and ending on the 13th.

LADIES, when you go to Bodie, call on Salisbury, and get your dress goods at cost.

MUST GO, CAN'T HELP IT.—Selling goods at cost. Salisbury will give all a fair show.

Some of the best dressed gentlemen of Mono county are indebted to Silas B. Smith, of Bodie, for their stylish appearance. He has the agency for some of the finest tailoring establishments in the East. His samples for the Spring and Summer are unsurpassed. He displays over 2,000 different patterns of cloth. His experience with the tape line for many years insures a good fit every time. When in Bodie call on him and inspect the goods.

Helping the Right Side. To help the right side is not only commendable in the general point of view, but is judicious and prudent when that help is enlisted to be half of the right side of the body, just over the lower ribs in the region of the liver. The most efficient help is afforded by Hostetter's Stomach Bitters, an anti-bilious medicine of incomparable efficacy. Inaction of the liver is accompanied by constipation, sick headache, furrowed tongue, nausea, occasional vertigo, an unpleasant breath, yellowness of the skin and ball of the eye. The author of these symptoms, liver complaint, routed by the Bitters is accompanied by them in its flight. Fever and ague, which always involves the liver, dyspepsia, rheumatism, debility and kidney troubles are all maladies due to the early and final cure of which this medicine is adapted. Don't use it by fits and starts, but systematically, that its full effects may result in a perfect restoration of health.

THE TICKET.—We place at the head of our columns the Republican National and State Tickets. The election of John F. Swift as one of the Presidential Electors was a fitting compliment to one who did much to carry Oregon for the Republicans in June, and the Convention did itself credit in the nomination of Judge W. Beatty, of Sacramento, and former Chief Justice of Nevada, for Chief Justice of this State. The nomination of Morrow, McKenna and Vandever for re-election was just and proper, and there is no doubt of their election. The selection of De Haven in the First, and Phelps in the Fifth are acceptable to the Republicans of the State, but the Second might have selected a stronger man, but he will be elected, all the same.

COMING OVER.—An Elmira, N. Y., dispatch says that John Arnot, banker of that city, favors the election of Harrison and Morton. He is a son of ex-Congressman John Arnot, who stood by Samuel J. Randall in his fight against the Morrison free trade bill. The Arnolds have always been stalwart Democrats. The free trade issue has brought them over. Among the many other changes to the protectionists is James A. Christie, lawyer of Horseheads, who stood in the front rank of the Cleveland phalanx in 1884. Horace Brees, also formerly an influential Democrat, has joined the protection army.

THE FIRST GENTLEMAN.—A well-known San Francisco house, in advertising a certain brand of cigars, publishes a letter from President Cleveland accepting a present of some of them, and inserts under the letter the following: "The above is the opinion of the first gentleman in the land," etc. Isn't it about time this nonsense of "first lady" and "first gentleman in the land," as applied to the President and his wife, was dropped?

ANOTHER BOLTER.—Mr. Butler, editor of the Buffalo News, who first suggested Cleveland for Governor and then for President, has been making a tour of Western New York and says that, in his opinion, Cleveland cannot be re-elected. The News, which ardently supported him in 1884, is against him now, and is doing valiant service for Harrison. Butler is of the opinion that New York will go Republican by an overwhelming majority.

Owing to the parsimony of our Democratic Administration, and ex Postmaster General Vilas breaking his word, after promising a subsidy to the Australian line of Steamers from San Francisco, the line is to be discontinued on the 1st of November.

The Southern Democrats know how to defeat a candidate. On the 2d, in Clay-county, Tennessee, Burnside Yoakum shot and killed James Smith, independent Republican candidate for County Trustee.

At Cleveland, on the 3d, the pacer Yon Bet beat his own record by pacing a mile in 2:05. Five thousand persons witnessed it.

That distinguished Democratic Statesman, Hugh L. Mohan, has gone to Salt Lake City.

The Democrats of Fresno county are having a hot time among themselves.

PLAINLY STATED.

The Troy, N. Y. Times says: A number of farmers and workmen were discussing the tariff a few evenings ago in a country store a short distance from this city, and as it is a strong Democratic town all were pretty much agreed that Cleveland and Free Trade were just what they wanted. There was one, however, among them who said that he couldn't quite accept the Free Trade doctrine.

"Why not?" they asked. Shall we not be able to buy everything at a cheaper rate?"

"Yes, I suppose so," he said, "but let us do a little figuring. If wool is put on the free list, we shall probably be able to buy clothing at about twenty per cent. less than we pay now."

"Yes, that's so," they answered, "and who can object to that?"

"Well, then, wages will go down too, won't they?"

"Probably they will."

"And in about the same proportion?"

"Yes, but what of it? Things will not be any worse off than they are now."

"I don't know about that. Let us see. I earn \$20 a month. Twenty per cent. of that would be \$3. Now I can get a good suit of clothes for \$20 and I buy two suits a year. So if I get them for twenty per cent. less I should save \$8."

"Certainly. You would get them \$8 cheaper."

"But if I lose \$8 a month in wages, that is \$96 for the year. And so Free Trade would enable me to save \$8 in clothes, but I should lose \$96 in wages. I rather think under the circumstances Protection would be better for us, after all."

Democratic professors of hatred towards monopoly are well known. The esteemed Sun, Dem., calls attention to the fact that the four chief figures in the Democratic campaign—management, Brees, Sewall, Scott and Barnum, are all railroad magnates. How was it possible for these millionaire monopolists to thrust themselves into the Democratic management, when their party says it is testatorially opposed to all forms of their class having anything to do with politics? Perhaps some Democratic organ can explain the mystery, and save the party's reputation for consistency.—Newburgh, N. Y., Journal.

We have recently seen articles in free trade papers which endeavored to demonstrate the success of free trade by comparing the progress of New South Wales (free trade) with that of Victoria (protection.) They omit to mention the fact that there is a surplus in the treasury of Victoria and a deficit of \$13,000,000 in that of New South Wales. In Sydney, in the free trade colony, 4,000 laborers are employed on rail-roads at 93 cents a day.—Boston Journal.

The Democracy think Ben Harrison is talking too much. Yes, he undoubtedly is for the good of the Democratic Party. He talks to the point, and what he says carries conviction to his hearers that they should vote for Harrison and Protection.

Four years ago the Syracuse Herald, one of the oldest Democratic papers in Central New York, was one of the most earnest supporters of Cleveland. This year it is supporting Harrison and Morton, on account of the "President's Free Trade tendencies."

General Harrison has received a present of a miniature log cabin from Richmond, Va. It is constructed of pine limbs, and is perfect in every detail, even to the latch-string and hard cider barrel before the door, and old drinking gourd and the historical cork skins on the wall.
